

Link your MyScouting.org account to ScoutNet in THREE EASY STEPS

Step One: Log into www.myscouting.org:

Sign in to MyScouting

New to MyScouting?

User Name:

Password:

Create an account to*:

- take Youth Protection and other BSA training
- access unit, district, and council tools

Step Two: Click *either* "View Full Profile" or "Update My Profile"

The screenshot shows the MyScouting.org user interface. At the top right, there is a "Welcome" message and a "View Full Profile" link circled in red. Below this is a search bar labeled "Search BSA". A navigation menu includes links for "Español", "Home", "Scouting in Your Area", "Donate", "Shop", "Sponsors", "ScoutSource", and "Youth Protection". A secondary menu contains "My Profile", "Training", "Unit Tools", "District Tools", "Council Tools", "Events", and "Home". Under "My Profile", there are links for "My Profile" and "Update My Profile", with "Update My Profile" circled in red. The date "May 31, 2012" is displayed. Below the date, there is a "Tour and Activity Plan Update" link and a "Follow" button with social media icons. At the bottom, there is a note: "There is a clarification on how Tour and Activity Plan displays CPR and First Aid as".

Step Three:

In the **Membership Info** area at bottom of the page, select W.D. Boyce from the "Council Name" drop down menu, enter your BSA Membership # into the "Member ID" box and click "Add".

Once done, the information will appear below, and MyScouting will be linked with ScoutNet!
