

Sample Cub Scout Recruiting Script

My name is Carlos and I'm a Cub Scout.

I'm here to talk to you today about becoming a Scout like me.

Who here knows what Cub Scouts do?

Well since this is a video, I'm just going to tell you what they do and let's see if you're right.

Cub Scouts get badges for doing fun activities. And we make friends.

Scouts go camping, climbing and fishing. And swimming.

Together we have fun.

We play sports and go to parades.

Scouts also help people and become the best versions of themselves.

Scouts can become future leaders. In fact, some Scouts have even made history. Did you know that some of our former presidents, astronauts, award-winning scientists and actors were Scouts when they were your age?

Here's an example of something Cub Scouts get to do each year:
(Wait for it...)

We use our skills to make rockets and then we fly them!

So who wants to become a Scout?

Okay this is still a video so I'm gonna need you to let me know a different way.

If you want to join, go to **Be A Scout Dot Org** with your parent's permission

You'll be able to find a pack near you, get any questions answered and sign up for Cub Scouts online.

Make sure you have an adult to help you with that part, though.

Hey - thanks for watching my video.

I hope to see you again soon as a Cub Scout like me!
