

DEAR SPONSOR,

Today is your day to make a difference. It is your units day of giving and yes today is that moment you can take that change you have and give your sponsorship to become a member of the W.D. Boyce Family Society. Today marks the day that your sponsorship celebrates what truly can make difference in the life of a Scout.

The sponsorship amount you choose depends on you and how you feel you can contribute with a financial investment into sustaining the program that fosters life changing attributes and instills values that last beyond the years a scout spends in Scouting. In fact you are sponsoring the change for your future as well. Today's scouts are tomorrows leaders and they will be the ones that take the baton and continue the course we lay before them.
